VOL. 4, NO. 72. PRICE FIVE CENTS

FIRE BUG IN JAIL

GEORGE FUEL, 16 YEARS OLD, ARRESTED SUNDAY BY OFFICER HOWARD WOOD.

IGNITED PLACES TO SEE BLAZES

Youthful Prisoner Made Full Confession, Saying He Had Ignited Bell Clothing Store, Guenther's and Williams' Grocery.

George Fuel, a 16-year-old son of Newton J. Fuel, a lineman for the Bell Telephone company, residing at 314 North Quincy avenue, was arrested by Howard Wood, a police officer, at 11 o'clock Sunday morning, charged with arson.

The arrest was made in a house owned by J. T. Kaler, at 913 East Fifteenth street, where Fuel was engaged in painting a room.

Fuel confessed immediately and said he had touched the match which caused the disastrous fire at Albert Kahn's Bell clothing store last Thursday night, which fire entailed a loss of several thousand dollars.

He also told how he ignited the pile of boxes in the rear of C. A. Guenther's dry goods store, on Ohio avenue, at the midnight hour Saturday night, and also, less than an hour later, set fire to a woodshed in the rear of Frank Williams' grocery, at Main street and Grand avenue.

Fuel was taken to the office of Chief of Police W. H. Boult, where he reiterated his previous confession. He was committed to jail until this morning, when he was arraigned before Justice F. W. Clark.

He pleaded guilty to the charge of arson and was remanded to the county jail, awaiting the action of criminal court, with a recommendation that he be given five years in the Missouri Training School for Boys at Boonville.

Fuel said he set fire to the three stores merely to see them burn. After igniting the Bell Clothing store's building he ran through the alley to Lamine avenue and returned to Ohio avenue, via Third street, awaiting the sounding of the fire alarm. When he heard the fire department rushing to the fire he hurried there also to see the blaze.

Saturday night, so Fuel told Chief Boult, he ignited the boxes in the rear of Guenther's store, and ran north to Main street until he reached the vicinity of Grand avenue, where he touched a match to the woodshed of Williams' grocery.

He did not use any coal oil at either of the three places, so he said, and at Williams' store the fire did not burn properly the first time and he returned a few minutes later. A watchman for Swift & Co. saw the blaze and extinguished it without causing any commotion.

Fuel is a tall, slender boy. While in court he was attired in a pair of overalls. He has a mania for seeing things burn and gets excited every time a fire is mentioned.

In court this morning the fire bell rang, and as the wagon of company No. 2 left the house Fuel jumped from his chair and would have gone through the window had not the window been occupied.

Fuel has been employed by W. A. Smith, a painter and decorator, but Sunday was working for Mr. Kaler. His mother is dead. He has two brothers, one of whom was arrested here months ago by Chief Boult and returned to the United States navy at Norfolk, Va.

In addition to the charge of arson two other complaints have been made against the boy, one by Mrs. Georgia Nelson, of 807 West Main street, who accuses the youth of stealing some silk goods, lace and a pair of silk gloves from her home a week ago Saturday night. The boy admitted the theft.

About a month ago Fuel was employed at R. A. Higdon's home. Suddenly Mrs. Higdon's bracelet disappeared and suspicion pointed to the boy. He was questioned closely, but denied the charge at first. On being threatened with imprisonment he confessed and returned the jewelry.

Following the fire at Guenther's store Saturday night, Chief of Police Boult was furnished with a description of the person seen to run away. The description tallied with that of Fuel and Chief Boult was preparing to go after the boy Sunday morning, when Officer Wood made the arrest. The fire at Guenther's, also that at Williams' grocery, did small damage at each place, but that at Mr. Kahn's

Thursday night had gained such headway before being discovered that the loss will amount to thousands of dollars.

Insurance adjusters are expected here this week to adjust the loss, and until such is done Mr. Kahn's place of business will be closed, although it will be reopened just as soon as a settlement is made.

"Pete" Jamerson's Mother Dead.

"Pete" Jamerson, the cigarmaker, returned Sunday from Fairfield, Mo., where Friday he attended the funeral of his mother, Mrs. Eliza J. Jamerson, wife of Isam Jamerson, who died Thursday from pneumonia, aged 72 years.

FORMER SEDALIAN

FRANK A. LONG SERIOUSLY INJURED IN A RUNAWAY IN TEXAS.

IT HAPPENED LAST WEDNESDAY

He and Another Man Were Riding When Horse Became Frightened and Ran Away—Both Thrown to the Pavement.

Frank A. Long, a former Sedalian, and John Ryan were quite seriously injured in a runaway accident at San Antonio, Texas, last Wednesday, as will be seen by the following from the San Antonio Light and Express of March 24:

"While Frank A. Long and John Ryan, who are with Swift & Co., were driving in a buggy along Garden street yesterday afternoon about 4 o'clock, their horse became suddenly frightened, which resulted in a runaway in which both men had a narrow escape with their lives. They were dragged some distance and are today in bed at their respective homes under the care of a physician.

"The men were driving north along Garden street and had just passed the Hutchins house, when the horse became frightened, and, wheeling around, upset the buggy, and with both men underneath, ran down Garden street.

"Long was dragged about fifty feet, when he managed to get out from under, and without stopping to look after his injuries he started in pursuit of the horse and called to several men ahead to stop it, as there was a man underneath.

"Soon Ryan got out and the horse wheeled around and started back towards Long, who, as the animal approached him, stopped it. Long and Ryan were taken into the Hutchins house, where Dr. Amos Graves, Jr., attended them, after which they were taken to their homes, Long to 513 Camden street, where he resides with his wife and baby, and Ryan to 219 Upson street.

"Long was mostly injured about the back and shoulders, besides being bruised all over the body, while Ryan was also cut and bruised and had his ankle badly wrenched. Both men landed on their heads and that they were not instantly killed was pronounced a miracle by every one who saw the accident.

"The buggy was wrecked and the horse was cut about the legs."

"The buggy was wrecked and the horse was cut about the legs."

A DOUBLE FUNERAL

Remains of Mr. and Mrs. Milton Parish Buried Sunday.

A double funeral over the remains of Mr. and Mrs. Milton Parish, who were killed in the Rock Island railway wreck near Marshalltown, Ia., one week ago today, was conducted at Bethlehem church, at Valda, at 11 o'clock Sunday morning.

The services were largely attended, and were conducted by the Rev. David Roberts, assisted by the Rev. Rogers.

After the services at the church the bodies were interred in the Bethlehem cemetery nearby.

The following were pallbearers for Mr. Parish: William McCormick, George Blair, William Albers, William Stevens, William Woolery and William Russ.

The following were pallbearers for Mrs. Parish: George McCormick, George Williams, C. Rymer, Eugene Montgomery, Joseph Nelson and George Mosby.

CLOSED FIRST YEAR

REV. GRANT A. ROBBINS DID AT FIRST M. E. CHURCH SUNDAY.

CHURCH HAD SPLENDID YEAR

Edifice Was Filled to Overflowing Both Morning and Night and Gallery Half Filled—During the Year Were 112 Additions.

The Rev. Grant A. Robbins, one of Sedalia's most able divines, Sunday closed his first year's work as pastor of the First Methodist Episcopal church of this city.

The day's services opened at 6 o'clock yesterday morning with a Junior league prayer meeting, at which eighty-eight persons were present.

At 9:30 o'clock Sunday school was held, the total attendance being 515. A basket collection at the Sunday school netted \$31.50.

At the regular church services in the forenoon the church was crowded and the gallery was half filled. The choir rendered splendid music, and there were six additions.

The pastor preached a sermon on "Necessity for the Death of Jesus," it being masterfully interesting.

At the night service the church was again crowded, and the gallery was more than half filled. There was a fine musical program, with a brief sermon by the pastor. There was one addition to the church, that being a traveling salesman from St. Louis.

In closing his first year's work, Rev. Robbins furnished a report of the year's accomplishments, as follows:

There were 112 additions during the year and the Sunday school has greatly increased in interest and attendance.

The collections were as follows:

Benevolent collections	\$1,269
Music and bulletins	315
Ministerial support—district superintendent and bishop	2,240
Incidentals and evangelists	1,160
Ladies of Calendar, to pay on debt	800
Epworth and Junior league incidentals	66
Sunday school incidentals	200
Floating debt and pastor's moving expenses	375
Total	\$6,459

The church has an indebtedness of \$300 for paying a floating debt of \$200, and the ladies owe \$20. In contrast to this the year's expenses exceeded last year's expenses fully \$1,000, which goes to show that the church is in a very flourishing condition financially and otherwise.

"I attribute the success of the church to the official board, the ladies of the Calendar and the young people," the pastor said, in speaking of the church's health and condition, "for it is through their efforts that we are now in such splendid shape."

At the meeting of the official board last Monday night it unanimously adopted resolutions requesting the district superintendent to use every legitimate means to secure the services of Rev. Robbins here the coming year.

"The church is in a very flourishing condition financially and otherwise."

MARRIED TODAY

Clarksburg Merchant and a Sedalia Lady Were.

F. M. Martin, a prosperous merchant of Clarksburg, Mo., and Mrs. Alpha A. Weyand, a well known and esteemed lady of this city, were united in marriage at the home of the latter's daughter, Mrs. W. H. Schneider, 1003 East Sixth street, at 3 o'clock this afternoon.

The ceremony was pronounced by the Rev. J. D. Prigmore, pastor of the Central Presbyterian church. Only immediate relatives attended. Mr. and Mrs. Martin will leave at 4:30 o'clock this afternoon for Clarksburg to go to housekeeping.

Mr. Martin is one of Clarksburg's most influential citizens. His bride has lived in Sedalia for a number of years and the news of her marriage will be read of with pleasure by all.

BURNED TO GROUND

Seven-Room House on Old Decker Homestead, East of Town.

A seven-room frame residence on the old Decker land, southeast of the Missouri Pacific shops, caught fire from some unknown origin between 3 and 9 o'clock this morning, and together with the contents was totally destroyed.

gether with the contents was totally destroyed.

The house was occupied by Andy Williams and family, also Mr. Williams' mother, she being the only person at home at the time, the family attending a funeral at Georgetown.

She is about 70 years of age and heard crackling sounds in one part of the house. Suddenly her room became filled with smoke and she began to scream. Neighbors heard her cries and ran to her assistance, carrying her to a neighbor's home, not, however, until her face had been badly burned.

The loss is estimated at \$2,500. Mr. Williams carried \$1,500 insurance on the house, but nothing on the contents.

RESIGNATION IS IN

THE REV. DUDLEY M. CLAGETT WILL LIKELY ACCEPT CHARGE AT ST. JOSEPH.

IT WILL BE EFFECTIVE APRIL 30

At Sunday's Services Divine Asked Congregation to Petition Presbytery to Dissolve Pastoral Relations.

The Rev. Dudley M. Clagett, pastor of the Broadway Presbyterian church, at the morning services Sunday requested the members of his congregation to join with him in asking the Sedalia presbytery to dissolve him from the pastoral relations with the church in order that he may accept the pastorate of the Westminster Presbyterian church at St. Joseph, Mo.

The request followed a call issued to the Rev. Clagett from the official board of the St. Joseph church, asking him to become pastor there.

The divine's request will be acted upon at Wednesday's meeting of the presbytery, and should the relations be dissolved the dissolution will become effective on April 30.

As previously stated in the Democrat-Sentinel, the Rev. Clagett was some time ago asked to accept the St. Joe charge. Since that time he has been considering the matter.

Should the resignation be accepted it is not known who will succeed him, although a rumor is current that the Rev. Abbott, of Boonville, is one of the men in view.

WERE WED SUNDAY

A Well Known Carpenter and Popular Sedalia Girl.

Calvin P. Brown, of this city, and Miss Ethel Dennis, also of Sedalia, were joined in wedlock yesterday evening at 6:30 o'clock by the Rev. F. Y. Campbell, pastor of the First Baptist church, at the residence of William Holt, 310 North Grand avenue.

Twenty or more guests were present. Mr. Brown has lived in Sedalia nearly all his life, and is an industrious carpenter.

The bride has resided with Mr. Holt's family most of her time, and her leaving is regretted by them.

After the ceremony a sumptuous wedding feast was served. A number of beautiful presents were presented to Mr. Brown and wife, who will make their home in Sedalia.

They have the well wishes of their many friends.

MRS. ADAMS' WILL

It Was Admitted to Probate by Judge Kennedy Today.

The will of the late Mrs. Ellen Adams was admitted to probate by Judge D. E. Kennedy today.

The will was made on December 30, 1908, and was witnessed by Lee Montgomery and Michael McGinley.

Deceased bequeathed \$500 to Mrs. W. E. Tilly, \$100 to the Rev. Fr. Daniel Healy, of Springfield, Mo., for masses for her soul; \$50 to Susie Chagnon, of Springfield, and the residue to the Rev. Fr. Healy, who was named executor.

Cases Before Judge Leaming.

Kate Brody, a negress, was found guilty of lewd conduct by Justice R. G. Leaming today and was given ten days in jail. Ola Fisher and Minnie Richardson, negresses, who pleaded guilty to the same charge, were each given five days in jail.

WAS BURNED ALIVE

PRETTY RUTH WHEELER MET DEATH IN A MOST HORRIBLE WAY.

AUTOPSY REVEALED AWFUL FACT

Body Was Placed in Fireplace and Incinerated While the Helpless Victim Was Still Living—Accused Unconcerned.

New York, March 28.—Katie Muller, the young woman who has been living with Albert Wolter, held on a charge of the murder of 15-year-old Ruth Wheeler, was picked up by the police yesterday.

From her the authorities obtained some valuable corroborative evidence against Wolter.

Although the testimony of the Muller girl was the most interesting adduced, it was not the most sensational, for Coroner's Physician O'Hanlon, after performing an autopsy on the body of Ruth Wheeler, expressed the opinion that she had been burned alive.

A weak link in the chain of essentially circumstantial evidence with which the police and the district attorney's office are surrounding Wolter, would be difficult for the layman to find, but the official sleuths and the district attorney's office are working still in an effort to perfect their case against the man and to find out the whole truth of the murder of the child who went to Wolter's room in search of employment as a stenographer.

This morning when the jailers went to get Wolter for his arraignment the 19-year-old German, who had stood several hours of grilling on Saturday, had slept so soundly that the jailers had difficulty in awakening him. They took him to the Yorkville court, where the charge of abduction was withdrawn and Magistrate Breen remanded him to the custody of the coroner on the charge of murder. He was taken to the Tombs.

Katie Muller was arrested near a house in which she and Wolter had taken rooms after the police had searched their former lodgings. She is 18 years old. Under the questioning of the officials she told what they believe to be most of what she will have to tell.

She was born near Bremen, in Germany, and came here about three years ago. Her parents are not in this country. She met Wolter last June at a ball and in August they began living together. She was sure Wolter had had nothing to do with other girls. Her faith in him was jarred for the first time last Thursday evening, when Pearl Wheeler came to their rooms and demanded of him that he tell her where her sister, Ruth, was. This episode made her jealous, she said, and she demanded of him to tell her what he had to do with the other girl, though he finally acknowledged having written the postcard asking for a girl stenographer to call.

Then a couple of hours later the Wheeler sisters came back with the police and this call made her nervous and she tried afterward, but in vain, to find out from Wolter what all the trouble meant. She said she had noticed on her return from work on Thursday evening that the stove had been moved from the dining room and the whole front of the fireplace painted. Also the hole in the fireboard through which the stove pipe had gone had been covered over by a picture.

She identified the shirt found as Wolter's and the sack in which Ruth Wheeler's body was found as the sack in which the wood was brought up to the rooms. She said that on Friday when she got up to go to work at 6 o'clock Wolter told her to pack up their things and meet him in the evening at Park avenue and Eighteenth street, where they were arrested. He said he was going out to rent a new home because the detective might continue to bother them where they were.

Saturday morning she was discharged from the bakery where she had been employed because her employer had read in the papers of the arrest of Wolter on the charge of abduction and that she was living with him without ceremony. She had then gone to the court on Saturday morning because she had nothing to fear and wanted to see what was done.

At the order of Coroner Holtzhausser Katie Muller was committed to the house of detention as a witness. Dr. O'Hanlon, after making the

post-mortem examination, said that he had sent portions of the body to Prof. John H. Larkin, of Columbia University, for microscopical examination, and added:

"I determined that the girl died from asphyxiation, following strangulation. I determined this from the condition of the lungs, the presence of the rope and the indentations on the neck, and I believe that the girl was smothered, and, while still alive, but unconscious, was put into the fireplace and incinerated."

The police have found some postcards with the addresses of other girls, but they would not say much about them. There were altogether the names and addresses of three girls in Elizabeth in the prisoner's belongings.

KEENE MAY PAY

THREATS MADE TO SPECULATOR MAY BRING HIM TO TIME.

NEGOTIATIONS HAVE STARTED

Brokers Who Were Caught In the Hocking Pool May Have Their Debts Paid By the Man Responsible for Crash.

New York, March 28.—Wall street heard a report that negotiations had been opened in behalf of James R. Keene, looking to a settlement of the claims of the creditors of Roberts, Hall & Cris, one of the firms which went down to failure in the collapse of the Columbus and Hocking Coal and Iron pool, of which Mr. Keene was the manager. If this be true Mr. Keene would probably have to settle with the creditors of J. M. Fiske & Co. and Lathrop, Haskins & Co. also. The three firms failed with losses aggregating \$7,000,000.

That some such arrangement is under discussion is borne out by intimations that the bankrupt proceedings before United States Commissioner Alexander may come to an abrupt conclusion.

Creditors of Roberts, Hall & Cris held a meeting a few days ago, at which there was talk of instituting law suits against Mr. Keene looking to a settlement of their claims. Neither Mr. Keene nor his legal advisers are talking about the matter. Mr. Keene is sick and tired of the whole matter. The governors of the Stock Exchange would be only too glad if some arrangement could be reached whereby the Hocking scandal could be effaced from the public mind, while the creditors would welcome any proposition looking to a satisfaction of their claims.

Perley Morse, president of the Standard Audit company, certified public accountants, turned over to Lawyer Wolf his firm's transcripts of and deduction from the transactions of the 160 brokers who dealt in Hocking stock during the existence of the pool. It covers hundreds of pages. Every transaction, together with the profits of many of the brokers, is carefully noted.

During the last few days there has been a series of conferences at the office of Henry D. Hotchkiss, receiver for Lathrop, Haskins & Co., looking to a plan for the reorganization of the Hocking Coal and Iron property. Powerful Wall street interests are said to be interested in these conferences. Morgan interests are reported to have made a bid for the property at \$15 a share some time ago, but that offer was refused by those in control.

Henry D. Hotchkiss, receiver for the Columbus and Hocking Coal and Iron company, in discussing the matter, said it was true there had been conferences looking to a reorganization of the company.

"Whether J. P. Morgan & Co. or the Standard Oil company is represented in these conferences I do not know," said Mr. Hotchkiss, "for the gentlemen participating have not divulged the names of their principals, nor have they disclosed the interests for whom they appeared. Hocking seems to have some interest value, and under proper reorganization could probably be made a valuable property."

Died at Sweet Springs.

Josephus Hicklin, a pioneer resident of Pettis county, died at his home at Sweet Springs Sunday. Funeral services were conducted there this afternoon, burial being in Fairfield cemetery nearby.

TEDDY AS SPEAKER

INSURGENTS URGE THAT FORMER PRESIDENT BE GIVEN THE PLACE.

WILL GO AFTER CANNON AGAIN

Nothing in the Constitution to Prevent the Election of Some One Who Is Not a Member to Preside Over House.

Washington, D. C., March 28.—Insurgent leaders in the house of representatives will urge Theodore Roosevelt to become a candidate for the speakership of the house. The effort of the insurgents to themselves originate a proposition to depose Speaker Cannon, according to the present outlook, will be made about the middle of June, in the closing days of the session. Roosevelt lands in New York June 10.

We will be told then by spokesmen of the progressive republicans that more can be accomplished toward restoring party harmony by placing him in the chief place of influence in the house of representatives than by any other move that possibly could be made. If he can be induced to accept the office the insurgents believe that the regular republicans will be forced to vote for him. The reasoning also goes that President Taft cannot object to having his former chief as his associate in charge of the administration's legislative business.

"If Roosevelt is in the country before congress adjourns," said one of the most influential house insurgents last night, "the proposal to make him speaker will be most seriously considered. Personally I can conceive of no better solution of the existing situation. Oh, of course, the regulars hate him. They hated him when he was president, but they are mighty few of them who will dare to vote against him."

"Yes, it is reasonably certain that another resolution vacating the chair will be laid before the house. This time it will come from a republican source. No such action will be taken until the appropriation measures and the big administration bills are out of the way. As matters now look the crisis will come about June 20."

The agitation for Roosevelt follows the suggestion made yesterday by Poindexter, of Washington, one of the extreme insurgents, that Asher C. Hines, the house parliamentarian, be elected to the speakership. A canvass of the situation, made yesterday, makes the fact clear that Hines could not be elected. The speaker, it is true, need not be a member of the house, but the leaders of all factions agree that the English system of placing the gavel in the hands of parliamentarians, who, supposedly, are not swayed by any political consideration, will not work in this country. Hines himself is a republican and of the Maine uncompromising type. The democrats will not join with the insurgents to elect him.

"Absolutely preposterous," said Mr. Champ Clark, minority leader, last night, discussing the rumor that possibly a move will be made to elect Hines. "It is tomfoolery to talk of electing any one not a member of the house to the speaker's chair. I suppose it could be done, but I don't think it ever will be done."

The influence of every member of the house, who himself has a chance to become speaker, republican or democrat, will be thrown against the proposal to turn the speakership over to a non-member. On the republican side, such men as Tawney, of Minnesota, Olmsted, of Pennsylvania, McCall, of Massachusetts, Dalzell, of Pennsylvania, Payne, of New York, and any one of a dozen others might get the honor if Cannon were out of the way. Cannon himself would be against the scheme.

That of Roosevelt is the only suggestion thus far made which contains any prospect of overcoming the traditional precedent involved and of subduing the personal ambitions of various congressmen. Roosevelt dislikes Cannon. Often while in the house Roosevelt expressed the wish that he could manipulate the gavel as well as the big stick. His course in summoning Gifford Pinchot to Europe for a conference indicate that the returning hunter is impressed with the arguments of those who distrust the Taft administration. Still, it is also certain that Roosevelt will think deeply before he parts company with Taft.

The insurgents think that the

**The Weather Forecast.**

Generally fair tonight and Tuesday;
continued warm.

BE SPECIFIC.

The editor of a leading trade pub-
lication tells of a cotton mill owner,
who, advertising for a salesmanager,
was strongly impressed with the let-
ter of one applicant and would have
recognized his pre-eminent qualifica-
tions by awarding him the position but
for the unfortunate fact that he had
forgotten to sign his name.

The anonymous bid for the mill
owner's favor parallels the anonym-
ous effort of some manufacturers to
cultivate the good will of the public.
With products sufficiently meritorious
to enforce their claim to the consum-
er's consideration, they overlook the
necessity of identifying themselves
with what they make by trademark
advertising.

There is just as much reason for
the maker of tacks or taffeta to edu-
cate the public to ask for his particu-
lar brand by name as there is for the
automobile manufacturer to push for
recognition his particular type of mo-
tor car. Anonymity doesn't pay.

It is a winning policy to associate
the name with the product through
daily newspaper advertising.

A DEAD LETTER.

Adjourning congress as a mark of
respect for a deceased member has
become a hollow mockery, for with
the great pressure of business that
is always on congress the time can
not be spared, and it has become cus-
tomary to withhold the announcement
of a death until a convenient time for
adjournment, and then, when the sen-
ate or house would adjourn anyway,
it solemnly and untruthfully resolves
that it will adjourn out of respect to
the deceased member.

The dying request of Mr. Perkins,
of New York, was that congress
would not go through the meaningless
form for him, and his wishes were
respected. When congress adjourned
it did not pretend that it adjourned
on account of his death.

THE NAVAL DISCARDS.

The new navy began with the Chi-
cago, Boston, Atlanta and Dolphin,
authorized twenty-seven years ago.
The first three are in the list of war
vessels no longer serviceable. This
list includes a dozen monitors, most-
ly built within the last dozen years,
and a dozen or fifteen protected cruis-
ers, some of which were authorized
twenty-six years ago, but most of
them are only a dozen or fifteen
years old.

The entire list of "dead ones," all
included in the new navy, cost \$50,
000,000.

An Ohio woman who died a few
days ago left \$1,000 to her "only
cousin." The name of the only

cousin was not mentioned, and the
only cousins who have called for the
money have become so numerous
that some of the Ohio railroads, says
the Chicago Record-Herald, may de-
cide to run cheap excursions for the
benefit of other only cousins who de-
sire to present their claims.

Dr. John Jenks Thomas, neurolog-
ical expert, who proclaims that Bos-
ton women are "nothing but a coterie
of misguided, frivolous, light and airy
Lillians," says the New York World,
does violence to the universal concep-
tion of Boston womanhood. Now
wait and see what the Lillians will do
to the doctor.

The sugar trust people seem to
think it is good policy to put every
possible obstacle in the way of get-
ting at the facts. Are not the peo-
ple losing patience with self-con-
fessed corruptionists who burn or
hide their accounts and correspond-
ence?

The establishment of a frog farm
in Iowa would suggest that the state
is not making enough noise with its
idea, but there are those who think
it is a scheme to learn the proper
way to jump when the next election
date arrives.

Why don't the people of this coun-
try do as the people of Ireland do—
every family raise its own pig—and
thus defy the meat trust?

How can a woman be expected to
have any regard for the truth when
she is obliged to promise to obey in
the marriage ceremony?

The trouble with the man who is
satisfied to take things as they come
is that he seldom knows what to do
with them.

Even the old maid has something to
be thankful for. She doesn't have
to worry about where her husband is
at night.

The one man in the world who
makes a practice of forgiving his en-
emies is he who is his own worst en-
emy.

It may be just as easy to make
friends as it is to make enemies, but
our friends frequently cost us more.

With all this talk about a woman's
age, there are scores who will admit
that they are old enough to vote.

The rule of three is fully recog-
nized by the man who lives with his
mother-in-law, his wife and his baby.

Sympathize with a fellow who is
broke, and he will see to it that you
are deeply touched.

MT. ETNA AGAIN ACTIVE

Experts Believe That Volcano Will
Soon Bring on Earthquake.

Catania, March 28.—While the
quantity of lava from the craters of
Mount Etna continues to decrease,
the internal activity of the volcano
was stronger today than yesterday.

Frank A. Perret, the American vol-
canologist, believes the decrease in
the flow of lava is due to obstructions
in the new craters, which prevent its
flowing freely, and that in a few days
or perhaps in a week, the molten
mass either will force a passage or an
earthquake will result.

Mr. Perret went from Nicolosi to
the Alpine club refuge, which is situ-
ated near the craters, and later tele-
graphed down as follows:

"The activity of Etna today is
stronger, but the lava is slower. Ter-
rific explosions in the interior of the
mountain continue."

New Fissures in Vesuvius.
Naples, March 28.—Five large new
fissures have opened near the central
crater of Mount Vesuvius, but the vol-
cano shows no great activity.

Police Court Cases.

The following entries were made
on the docket in police court today:
Fred Church, disturbing the peace,
fined \$5.

James Frick, disturbing the peace,
fined \$25.

John Murray and Larkin Biggs,
drunk, each fined \$5.

F. J. Weinberg, drunk and dis-
turbng the peace, fined \$10.

Catarrah Cannot be Cured

with LOCAL APPLICATIONS, as they cannot
reach the seat of the disease. Catarrah is a blood
or constitutional disease, and in order to cure
it you must take internal remedies. Hall's
Catarrah Cure is taken internally and acts
directly on the blood and mucous surfaces.
Hall's Catarrah Cure is not a quack medicine.
It was prescribed by one of the best physicians
in this country for years, and is a regular pre-
scription. It is composed of the best tonics
known, combined with the best blood purifiers,
acting directly on the mucous surfaces. The
perfect combination of the two ingredients is
what produces such wonderful results in curing
Catarrah. Send for testimonials, free.

Evidence on Merger.

Washington, March 28.—Beginning
today and continuing to Friday, the
defendant company will be permitted
to introduce supplementary evidence
bearing on the government's suit to
dissolve the merger between the
Union Pacific and Southern Pacific
railways. The government reserves
the right to be heard in rebuttal, if
necessary, on next Monday. The
hearings, begun two years ago, are
now practically concluded.

Chamberlain's Stomach and Liver
Tablets are safe, sure and reliable,
and have been praised by thousands
of women who have been restored to
health through their gentle aid and
curative properties. Sold by all
dealers.

Vote on Public Ownership.

Des Moines, Ia., March 28.—For the
first time since Des Moines adopted
the commission system of government
the initiative has been involved, with
the result that the voters in today's
city election will decide the question
of the municipal ownership of the
street car system.

Under the Des Moines plan any
proposition can be submitted to a vote if
10 per cent of the voters so indicate
by petition.

EASTER SUNDAY SERVICES

Trinity Lutheran Church Had Record
Day Yesterday.

From 25 children to an enrollment
of 94, 84 of whom were present on
Easter Sunday morning, fully one-
half of whom were over 15 years of
age, is a part of the simple story of
the steady growth of Trinity English
Lutheran Sunday school within the
past two and a half months. The
school had been working for 100 by
Easter and its faith and work were
abundantly rewarded. The aim for
Whit Sunday will be 120. The offer-
ings for the entire day were excep-
tionally large, the regular Sunday
school offering averaging nearly 5
cents per member. Appropriate Easter
cards and beautiful eggs were pre-
sented to the school. Good service
was rendered by Trinity orchestra.

At the morning hour of worship the
pastor spoke on "Jesus the Gardener."
The congregation was by far the largest
of the year, the holy communion
being participated in by almost the
whole membership of the church.
Four persons were received into the
church by letter and three by bap-
tism during the day, making a total
of 16 in the past two months, most of
whom are heads of families.

In the evening the choir, ably as-
sisted by the orchestra, rendered ap-
propriate music to an even larger con-
gregation than that of the morning.
The primary department of the Sun-
day school very acceptably sang an
Easter carol.

The church was tastily decorated
with blooming amaryllis, calla lilies
and potted ferns.

Altogether Easter day, 1910, was
the best day Trinity has enjoyed for
ten years.

SPOKE TO STUDENTS

Former President Made Address at
the University of Egypt.

Cairo, Egypt, March 28.—Col.
Roosevelt delivered an address before
the students of the University of
Egypt today. Prince Ahmed Fouad,
president of the university, introduc-
ed the ex-president in a brief speech
in French.

Mr. Roosevelt referred to the as-
sassination of the minister of foreign
affairs in Egypt last month by a stu-
dent, denouncing the assassin strong-
ly. He was heartily applauded.

A NIGHT ALARM.

Worse than an alarm of fire at
night is the metallic cough of croup
bringing dread to the household.
Careful mothers keep Foley's Honey
and Tar in the house and give it at
the first sign of danger. Foley's
Honey and Tar has saved many little
lives and is the only safe preparation
for children as it contains no opiates.
—Arlington Pharmacy.

Hundreds Killed in Fire.

Mate Szalks, Hungary, March 28.—
Two hundred and fifty people were
killed and as many others injured in
a village at Gekocrite by a fire in a
hotel where a ball was being held.

Medicines that aid nature are at-
ways most successful. Chamberlain's
Cough Remedy acts on this plan. It
loosens the cough, relieves the lungs,
opens the secretions and aids nature
in restoring the system to a healthy
condition. Sold by all dealers.

Special sale on suits at Russell's,
109 East Second street.

Senator's Son Weds.

Boston, March 28.—William T. Ald-
rich, son of United States Senator

Aldrich, of Rhode Island, and Miss
Dorothy Davenport, of this city, will
be married here today. The groom is
an architect connected with a leading
New York firm.

DO NOT PLANT TOO EARLY

Interesting Information for the Ama-
teur Gardener.

When the birds come, the grass
turns green, and for the first time
since the long winter the amateur
gardener can go coatless, the lust for
digging and planting comes. Dig as
deep as you can, provided the ground
is not wet and soggy. But beware of
planting too early.

Dig in manure, lots of it, but be
sure it is well rotted. Green manure
is poison to plants. No garden ever
was dug too often or too deep. Dig-
ging makes the garden glad and gives
fine crops later. But when in doubt
about it being time to plant, do not
plant.

It is a mistake to plant seeds of
set out plants in a wet, cold soil. With
few exceptions they will not grow.
At best they will lie dormant. More
often the cold and wet kill the tender
germs and the seed and work of
planting are both lost. The crop is
delayed while waiting for the growth
which never comes. No seed should
be planted until the ground is reason-
ably dry—that is, not wet and
sticky. When the proper condition
prevails, put in the first sowing of
the hardy seeds—radishes, lettuce,
onions, spinach, early round smooth
peas (if one must have them the
wrinkled are a world better) and the
like in vegetables.

EIGHT SAILORS KILLED

Accident on Board the Charleston
Brought Havoc and Death.

Manila, March 28.—A report that a
fatal accident had occurred on the
United States cruiser Charleston was
confirmed today. Eight men were
killed and several others slightly in-
jured. The accident occurred during
target practice at sea, off Olongapo.
The breech block of a three-inch gun
blew out and in its flight across the
deck cut through a steel stanchion and
mowed down the men. Seven of
the victims were instantly killed,
while the eighth died as the Charles-
ton was hurrying to Cavite. The
cause of the explosion is unknown.

Notice of Election for Increase of
annual rate of taxation to be levied
for school purposes in the school
district of the City of Sedalia.

Notice is hereby given that the
question whether the annual rate of
taxation for school purposes in the
school district of the City of Sedalia
shall be increased 50 cents on the
hundred dollars of assessed valuation,
as proposed by the board of directors
of said district, pursuant to the pro-
visions of the statutes, will be sub-
mitted to the voters of said school dis-
trict, who are tax payers therein, at
the annual election, to be held on
Tuesday, the fifth day of April, 1910,
at the same places designated for the
election of municipal officers of the
City of Sedalia, Missouri.

Those voting in favor of the propo-
sition submitted shall have written or
printed on their ballots the words,
"For increase of annual rate of tax-
ation," and those voting against the
proposition shall have written or
printed on their ballots the words,
"Against increase of annual rate of
taxation."

PRISON FOR GIRL

Young Music Teacher Will Get Sentence for Manslaughter.

New Haven, Conn., March 28.—Sophie Kritchman, the young Lithuanian music teacher of Union City, clever and educated, has been convicted of manslaughter in the superior court here in connection with the murder of Bronislaw Kulvinskis, a young man who had courted her. At the same time the jury returned a verdict of murder in the second degree against Joseph Mitchell, also an admirer of the girl, and who was jointly tried with her for the murder. Sentence will be imposed today.

The verdict against the girl carries with it a possible sentence to prison for fifteen years, and for Mitchell it means imprisonment for life. Mitchell received the verdict without moving a muscle, but Sophie, who had faced the jury with a smile, stood motionless for a moment, then her face grew pale and, with sobs shaking her slight frame, fell into the arms of her senior counsel, Mr. Kennedy, who assisted her to a chair.

Body to Pleasant Hill.

The remains of Mrs. James Gregg, who died Saturday at the home of her daughter, Mrs. J. C. Butler, accompanied by the relatives, were shipped to deceased's home at Pleasant Hill Sunday afternoon, where burial will be made.

Remarkable 11 Year Test of Tuberculosis Cure

Visitors to the exhibition recently held in Philadelphia to acquaint the public with the dangers of tuberculosis and to demonstrate the methods of prevention and the cure of consumption were surprised when informed at the bureau of information that no statement of cures was at hand. In the past few years immense sums have been spent and many persons treated by the eggs, milk and fresh air advocates; yet curiously cured cases are rarely found.

That Eckman's Alternative positively cures Tuberculosis (Consumption) and stands the test of time is proven by the following letters:

Philadelphia, Pa., March 25, 1898.

Gentlemen: My son commenced taking your medicine February 2, 1898. Previous to that time my family physician had given him up to die with Consumption. Not being satisfied, I had him taken to a prominent hospital in this city, where they informed me that both upper lobes of his lungs were diseased. Upon examination of his sputum they found it full of bacilli, and said there was no hope of his recovery. He was compelled to give up his position. He commenced to improve almost immediately after taking your remedy, and has now returned to his office work.

(Signed) Mrs. E. F. Bird.

208 South Seventh Street.

AFTER ELEVEN YEARS.

Philadelphia, Pa., Jan. 24, 1909.

Gentlemen: Your inquiry as to the health of my son Shapleigh received. I can truthfully say he is and has been in excellent health; never had return of the disease since taking your Alternative eleven years ago. I cannot speak highly enough of your Alternative eleven years ago.

Respectfully yours,

(Signed) Mrs. E. F. Bird.

Eckman's Alternative is good for all Throat and Lung Troubles, and is on sale at Dan Wilcox and other druggists. Ask for booklet of cured cases or write to the Eckman Laboratory, Sixth and Market streets, Philadelphia, Pa.

THE GLAD EASTER

ALL NEW YORK REJOICED AT ENDING OF WINTER AND COMING OF SPRING.

A HIGH PRICED IS PRODUCTION

First Glimpse of a Canvas That Cost Quarter of a Million Dollars—Many Airships Being Prepared for New Sport.

Special to the Democrat-Sentinel.

New York, March 28.—With many millions of lilies stacked about, each turn of the town and bouquets and bonnets brightening every sight of the streets, Easter weather yesterday, gladdening Gotham with its first promise of release from one of the longest, coldest and gloomiest winters on record here. For the first time since Thanksgiving day New Yorkers are beginning to discard the storm sashes, ulsters and goshes with which they have barricaded themselves from the frosty grip of steady storm and a sluggish spring.

Under the warming touch of summer sunlight gay garments are just beginning to blossom out along the avenues, while furnace fires are being banked beside their exhausted bunkers. Never has the Easter season ended a more rigorous winter than that which the people of this town are today trying to forget, and seldom have spring skies promised a brighter spring and summer.

Passing through a half million dollar art temple that has just been annexed to the Metropolitan Museum of Art up in Central park, eager crowds are today getting their first glimpse of some eight square feet of canvas for which a cool quarter million has been paid by one downtown banker.

The fact that in one week an outlay of three quarters of a million dollars has been made here simply for one art object and artistic quarters for others is impressing New Yorkers with the idea that dollar hunting is not the only interest of the town.

Thousands of people from every stratum of society are today pressing up to view the famous \$250,000 painting by Franz Hals and then scattering to view other works of art throughout the enlarged museum. No more popular interest in art has been aroused in this city in years.

With thousands of college boys and girls flocking home for their precious Easter holidays, this town is today agog with talk of the campus from every nearby seat of learning. Chief of the concerns of the college crowds appears to be the sweeping campaign that a few score women graduates are conducting here to raise a million dollar endowment for Byrn Mawr.

To extend the usefulness of their alma mater to future generations of girls in moderate circumstances from all over the country, these energetic women have roused every friend of women's education to help make this metropolis the greatest feeder of the fund. Hundreds of men with a home interest in Byrn Mawr are rallying to the aid of their wives and sisters, and no stone is being left unturned in placing the project for perpetuating this growing girls' college before every one in town. New York is deeply interested in several nearby towns where its women have been educated, but it has always a warm spot in its heart for the picturesque Pennsylvania college.

Twenty aeroplanes of various designs and sizes are today being prepared to soar the air in outlying sections of this city, according to a careful census of the growing airship industry that has sprung up in the suburbs since Wilbur Wright flew along the Hudson last fall.

A score of bold man-birds are now adjusting their sky-shooters for flight in Westchester county, on Long Island and along the Jersey shore. Before many weeks the sight of the flitting of this flock of aeroplanes will have become common all about town, the experts declare, and within a year their overhead couriers will attract little more attention than is given to the evolutions of particularly speedy or noisy automobiles.

Splashing Borough Square from end to end with the scrambled swash of a thousand eggs, a runaway Brooklyn delivery horse has struck terror to the simple hearts of the peaceful residents of that borough. Three cars, a dozen cops and innocent bystanders innumerable were caught by the sudden shampoo dispensed in the flight of the egg cart, and it was many minutes before any one proved brave enough to reach the runaway through its shower of whites and yolks. Only the cost of living is said to have suffered from this strange street episode across the bridge.

BIG EGG HARVEST

RECEIPTS AT CHICAGO NOW AT 5,000,000 MARK—SOON WILL REACH DOUBLE.

HOW THE SUPPLY MEETS DEMAND

Hens' Industry Produces Value Near Half Billion Dollars Annually, About 25 Per Cent Being Carried in Storage.

Chicago, March 28.—Five million eggs a day are pouring into Chicago now, and within a fortnight the flood will have reached the 10,000,000 mark. That is the way the hen goes at it when spring sunshine makes her glad and busy. All other big egg markets are inundated in just the same way, as they are always in March and April. If the hen only would be more persistent during the rest of the year—but she won't. Nature's bidding is not economic.

Few persons realize the magnitude of the egg industry. It is larger in point of dollars than the beef business, and runs around the half billion dollar mark. Eggs come next to corn and wheat in the food items of our country in the total value of the annual business. Chicago's egg business probably amounts to about 1,500,000 eggs a year.

An analysis made by Paul Mandeville, of Chicago, president of the Northern Produce Exchange, shows that the eight weeks from about March 15 to May 15 is the great egg season of the year every year. The excess of those weeks and the egg deficit of later months is shown by his statistical table, as follows:

Month	Portion of crop	Portion of crop deficiency	Portion of crop excess
January	2	7	—4
Feb.	5	8	—3
March ...	12	10	X2
April ...	22	12	X10
May ...	19	10	X9
June ...	15	9	X6
July ...	9	8	X1
Aug.	6	7	—1
Sept.	4	8	—4
Oct.	2	7	—5
Nov.	1	7	—6
Dec.	2	7	—5

Total ... 100 100

According to estimates made by President Mandeville, based upon years of experience with the egg receipts in Chicago—which is the center of the industry in the United States—the demand for home consumption exceeds the supply in August, September, October, November, December, January and February, the greatest deficiency occurring in November, when the supply of fresh eggs from the north is practically at a standstill and before the fresh crop from the south begins to come in.

Consequently most of the eggs in the reserve supply of cold storage houses are consumed in November. "My record," said Mr. Mandeville, "shows that in January 3 per cent of the normal crop is gathered and 7 per cent of the normal crop is consumed, there being a deficiency of 4 per cent. What would the big cities do if there were no reserve storage supplies? The man who buys eggs for later use, however, takes long chances; last winter most of them lost money—aggregating hundreds of thousands."

Naturally the nation's egg appetite increases during the spring months. Prices are lower and consumption greater. However, the hen's industry surpasses the demand enormously and then quite abruptly she quits laying, the production dropping from 22 per cent of the year's total in April to 9 per cent in July. Time was when the market became glutted, eggs became so cheap much of the supply never was marketed and there was less provision for the rest of the year. Now the country's surplus "crop" is taken for storage and comes upon the market when the hen fails by far to meet current demand.

"While the percentage of the total egg crop that is stored is comparatively small," Mr. Mandeville said, "the storage business is quite important to producer, consumer and dealer alike. It prevents a demoralized market in the spring when the supply is largely in excess of the demand, thus insuring fair prices to the producers. It also prevents an exorbitant price in November, when the supply is so greatly less than the demand. In this manner the trade is assured of eggs at a fair price throughout the year and the consumer

We have everything in Farm Implements, Wagons, Buggies

Adrian Wire Fence to satisfy the particular buyer.

Everything in Hardware

For Farm---Garden or Building

Knight-Marshall Hdw. Co.

who knows these facts need never pay the extreme prices asked for eggs advertised as 'fresh' in the fall and winter months when new laid eggs are not to be had. It is only the unscrupulous dealer or the small retailer who does not know the facts who contrive to sell the well-to-do consumer eggs at unfair prices."

April eggs are each year stored for the long hold, to be kept to supply the deficiency in November and December. This is done for very good reasons. April or early spring eggs are "good keepers;" summer eggs as a rule are not in good enough condition to store. "Until now the early eggs have been withdrawn from storage only for fine trade," Mr. Mandeville said, "but before long I expect to see more of the spring stored eggs used for the summer trade, especially when the egg producers improve their methods of handling their product. Probably an average of 7,000,000 eggs a day are received in Chicago during these weeks of egg production," added President Mandeville. "That is about fifty car loads. A car contains 400 cases and a case contains 30 dozen, or 360 eggs. Fifty car loads contain 20,000 cases. There have been times when the Chicago receipts reached 40,000 cases in one day."

"When the receipts in the spring reach 20,000 cases per day the cold storage men start to put away the eggs for use in the fall and early winter when the supply, as the figures show, greatly falls below the demand. In Chicago the normal average egg appetite calls for about 2,000,000 eggs per day; the spring appetite is considerably more, seldom falling below 3,000,000. In addition great quantities of eggs are shipped from Chicago to other points where the same spring appetite is in working order. This is why a supply of 6,000,000 or 7,000,000 eggs per day is necessary in the spring before there is any surplus left for storage."

Mrs. Servant to Entertain.
Mrs. H. W. Servant will entertain the Tuesday Bridge club tomorrow afternoon.

Stop That Cold

To check early colds or grippe with "Preventics" means sure defeat for Pneumonia. To stop a cold with Preventics is safer than to let it run and be obliged to cure it afterwards. To be sure, Preventics will cure even a deeply seated cold, but taken early—at the sneeze stage—they break, or head off these early colds. That's surely better. That's why they are called Preventics. Preventics are little Candy Cold Cures. No Quinine, no physic, nothing sickening. Nice for the children—and thoroughly safe too. If you feel chilly, if you sneeze, if you ache all over, think of Preventics. Promptness may also save half your usual sickness. And don't forget your child, if there is feverishness, nightor day. Herein probably lies Preventics' greatest efficiency. Sold in 5c boxes for the pocket, also in 25c boxes of 48 Preventics. Insist on your druggists giving you

TO DANCE TONIGHT

MRS. TAFT WILL OPEN POST LENTEN SEASON WITH BALL AT WHITE HOUSE.

OTHER AFFAIRS ARE TO FOLLOW

German Ambassadors Will Give One Tuesday Night at Which Her Daughter Will Lead the Cotillion.

Washington, March 28.—Out of the quietude of the Lenten season, the official and diplomatic society of the national capital has emerged like a butterfly, and although the post-Easter season will be short, it will be very brilliant. Mrs. Taft's dance at the White House tonight will start the ball rolling. It will be pre-eminently an affair for the younger set, and will be less formal and more democratic than the entertainments which the present mistress of the White House has given hitherto. The German ambassadress will assemble to dancing contingent tomorrow evening, when her pretty, graceful young daughter, the Countess Alexandra Louise von Bernstorff will lead the cotillion. Mrs. Meyer's novel fete, the Naval Relief ball, is scheduled for Wednesday, the 30th, and on the 31st will come the postmaster general's dance at Rauscher's. Miss Helen Taft and her brother, Robert, will be conspicuous figures, and the higher official set will be asked whether they belong to the cotillion class or not. The vivacious young Viscountess d'Azy, wife of the naval attaché of the French embassy, will give a fancy ball on April 1. The d'Azys are in a way creditable successors to the Viscount de Martel and his engaging spouse.

WORTH A DOLLAR A DROP.

Fred Patchen, Martins, N. Y., writes:—"For a long time I was affected with kidney trouble which caused an almost constant pain in my back and inflammation in my bladder. Other remedies did not even relieve me, but two fifty-cent bottles of Foley's Kidney Remedy completely cured me and I have not had any symptoms of kidney trouble for over two years."—Arlington Pharmacy.

Notice to Rock and Gravel Road Contractors.

Sealed proposals will be received until April 9, 1910, at 3 o'clock p. m., for the construction of the following rock and gravel road, to be done according to specifications on file with the secretary or the superintendent of the Sedalia Special Road District. One-half mile on Georgetown road, beginning at terminus, thence west. One-half mile on Ben Harned road, beginning at terminus, thence east. One-half mile on Smithton road, beginning at terminus, thence east. One-half mile on Abell road, beginning at terminus, thence east. One-half mile on Beaman road, beginning at terminus, thence east. One-half mile on Dresden road, beginning at terminus, thence west. Bids will be received for both rock and gravel on all roads, the board reserving choice. All bids must be made on blanks obtained from the secretary. A certified check for \$50 must accompany each bid for each job, checks to be returned to unsuccessful bidders; checks of successful bidders to be returned when contracts are entered into. The board reserves the right to reject any and all bids. W. H. Powell, Secretary.

BECOMING THE TOPIC OF UNIVERSAL INTEREST

The remarkable results that are being accomplished throughout the state by the new remedy, Root Juice, is rapidly becoming the topic of universal interest. So many people are praising the remedy that the general interest in it is becoming widespread and it is now being sold in such enormous quantities that it is hard to supply the demand. It seems to soothe, heal and strengthen the stomach, liver, kidneys and bowels with such rapidity that those who have suffered for years with indigestion, rheumatism, kidney troubles and nervousness notice great improvement before they have used the first bottle.

Mr. John K. Stevens, police officer, of 1313 Summit street, Fort Wayne, Ind., said: "I am glad to be able to truthfully say that I have found the great remedy to be all that was claimed for it. My kidneys and bladder were in a bad condition before I commenced taking it and had been so for some time, but I am now glad to say that I am entirely cured, and many of the city have told me the remedy has cured them."

The great remedy has cured many people at this point within the last few months. It is sold for one dollar a bottle, or three bottles for two dollars and a half. Those who wish to know more about it and would learn of the many cures it has made, should go to Wilcox's drug store.

SARATOGA STAKES CLOSE

The Real Newmarket of America Will
Be Held This Year.

New York, March 28.—If the list of entries for stakes, which close today, may be accepted as a criterion, Saratoga will be the real Newmarket of America this season. During the meeting at this fashionable resort \$250,000 will be distributed in purses. Twenty-eight stakes are down for decision, which is six more events than were contested for within the last few years at the Spa. The leading new stake will be the Rensselaer handicap, a six-furlong dash for 2-year-olds, which will have a guaranteed value of \$10,000. There will also be the Hurricane for the baby division at five and a half furlongs, which will have a value of \$5,000 added.

Among the principal stakes are the following:

Saratoga handicap, \$7,500 guaranteed, 3-year-olds and upwards, 1 1/4 miles.

Saratoga cup, \$5,000 guaranteed, 3-year-olds and upward, 1 mile and 6 furlongs.

Champion handicap, \$3,000 guaranteed, 3-year-olds and upwards, 1 mile and a furlong.

The Travers, \$6,000 guaranteed, 2-year-olds, 1 1/4 miles.

The Alabama, \$5,000 guaranteed, fillies, 3-year-olds, 1 mile and a furlong.

Saranac handicap, \$3,000 guaranteed, 2-year-olds, 6 furlongs.

Rensselaer handicap, \$10,000 guaranteed, 2-year-olds, 6 furlongs.

Hurricane, \$5,000 added, 2-year-olds, 5 1/2 furlongs.

Adirondack handicap, \$5,000 guaranteed, 2-year-olds, 7 furlongs.

Flas, \$5,000 guaranteed, 2-year-olds, 5 1/2 furlongs.

In addition to these stakes, the association has already closed the Hopeful, which will be worth more than \$20,000; the United States Hotel Stakes, the Grand Union Hotel Stakes and the Spinaway, for fillies. All these stakes are for 2-year-olds.

Georgia Society Affair.

New York, March 28.—Members of the Georgia Society of New York will give an entertainment this evening at

the Plaza for the benefit of the philanthropic fund of the society. Impersonations of southern darkies and mamies will be followed by a playlet and a reception and dance.

RADIANT HAIR

EVERY WOMAN CAN HAVE IT
THESE MODERN DAYS.

Nothing keeps a woman's youthful more than close attention to the hair. Any woman whose hair is dull, faded or lusterless cannot be either beautiful or attractive.

Dull hair casts around its owner an environment of stupidity, while the woman with brilliant, lustrous and luxuriant hair, though she may be far inferior in intellect than her dull haired sister, carries off the honors because of her resplendent hair.

In Paris, where plain women know how to make and keep themselves beautiful, the great hair dressing called Parisian Sage is much in demand.

And since the introduction of Parisian Sage into America, over three years ago, society women in all the large cities have learned that the easiest, quickest and surest way to turn lifeless, dull and unattractive hair into brilliant, lustrous and luxuriant hair is to use Parisian Sage.

Parisian Sage is sold by leading druggists in every town in America and by W. E. Bard Drug Co., who guarantees it to cure dandruff, stop falling hair and itching scalp in two weeks or money back.

Fifty cents for a large bottle of Parisian Sage. It is a most daintily perfumed hair dressing and it is not sticky or greasy. The girl with the Auburn hair is on every bottle.

WALTER WARREN
VETERINARIAN
Both Phones 246

Pure Food Law.

Cincinnati, March 28.—A pure food exposition which has attracted displays from leading manufacturers all over the country was opened today in Music Hall and will continue three weeks.

The Tenderfoot Farmer

It was one of these experimental farmers, who put green spectacles on his cow and fed her shavings. His theory was that it didn't matter what the cow ate so long as she was fed. The questions of digestion and nourishment had not entered into his calculations.

It's only a "tenderfoot" farmer that would try such an experiment with a cow. But many a farmer feeds himself regardless of digestion and nutrition. He might almost as well eat shavings for all the food he gets out of his food. The result is that the stomach grows "weak" the action of the organs of digestion and nutrition are impaired and the man suffers the miseries of dyspepsia and the agonies of nervousness.

To strengthen the stomach, restore the activity of the organs of digestion and nutrition and brace up the nerves, use Dr. Pierce's Golden Medical Discovery. It is an unfailing remedy, and has the confidence of physicians as well as the praise of thousands healed by its use.

In the strictest sense "Golden Medical Discovery" is a temperance medicine. It contains neither intoxicants nor narcotics, and is as free from alcohol as from opium, cocaine and other dangerous drugs. All ingredients printed on its outside wrapper.

Don't let a dealer delude you for his own profit. There is no medicine for stomach, liver and blood "just as good" as "Golden Medical Discovery."

Amateur race meeting of Warrenton, Va., Hunt club, under sanction of the National Steeplechase and Hunt association.

Southern intercollegiate track meet will be held at University of Virginia. Second inter-collegiate baseball game between Stanford and California, at Berkeley.

Columbia University opens baseball season with Rutgers at South Field, New York.

Tenth international cable chess match between American and English universities, the former, represented by Harvard, Pennsylvania, Princeton, Columbia and Cornell, and the latter by Oxford and Cambridge.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. It is called kidney trouble. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poison will attack the vital organs, causing catarrh of the bladder, brick-dust or sediment in the urine, head ache, back ache, lame back, dizziness, sleeplessness, nervousness, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and better health in that organ is claimed quickest by a proper treatment of the kidneys. Swamp-Root corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and immediate effect of Swamp-Root, the great kidney remedy is soon realized. It stands the highest because of its remarkable health restoring properties. A trial will convince anyone.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

IS NOT PRACTICAL

AEROPLANE WILL NEVER BE OF
VALUE AS A MILITARY
CONTRIVANCE.

THEORIES WILL NOT STAND TEST

High Explosives Dropped from Machine Would Not Reach the Object for Which They Were Intended.

BY GEORGE A. SCHREINER.
(Ex-Officer Boer Army)

San Antonio, Texas, March 28.—That the value of the aeroplane as a military means is more fancied than real has been amply demonstrated by the experiments now in progress at Fort Sam Houston. Although Lieut. B. D. Fonlois can lay claim to being as expert with the machine as its present stage of development permits, he has not succeeded in bringing out one solitary point that would recommend the contrivance to an army man as far as reliability and so, practicability, are concerned. Army officers at Fort Sam Houston, enthusiasts excepted, of course, fail to see to what use the aeroplane could be put in time of active service. The oft repeated statement that it would serve as a means of offense brings nothing more than a smile to their faces, and as an agent of intelligence the machine seems equally deficient.

Fine theories to the contrary notwithstanding, it is a fact that high explosives dropped from an aeroplane, or from a dirigible balloon for that matter, would do very little damage in the open. Against redoubts or fortifications they might prove more effective in case the operator succeeded in placing the explosive where it could do its best. With the dirigible balloon this would be easier than with the aeroplane for the reason that it could drop the explosive from a height great enough to place it beyond the reach of the enemy—a necessary condition for accurate work of that kind. Moreover the dirigible could come to a standstill and drop its mines perpendicularly or without the interference of the forward momentum that would be given to the mine dropped from an aeroplane. The aeroplane in order to be kept aloft must preserve a constant lateral progress and for this reason all objects liberated from it will fall in a trajectory curve, the degree of which is governed by the speed of the machine. The best illustration of this perhaps would be the course described by a stone thrown from a swiftly moving train.

To land a mine on deck of a battleship or even on a surface twenty times greater from an aeroplane sailing at a height of 800 feet at a speed of forty miles an hour without some sort of sighting and aiming apparatus would be the result of pure coincidence. At that height and speed the man dropping the charge, though in his opinion immediately above the object of attack, might be anywhere but within the sphere of action as controlled by the momentum of his machine and gravity. Were it possible for the aeroplane to come to total inertia this would be a simpler matter. The suggestion made that the machine circle over the object to be mined is of no value for the reason that the momentum imparted to the missile would cause it to follow the same trajectory course.

There is no doubt that with a great deal of training the aerial mine would sooner or later gain in efficiency in lower altitudes but that he would be able to ever gain the accuracy obtained by modern artillery is out of the question in the case of elevations greater than 800 feet. Yet he will have to keep at a far greater height to even approach the object of attack for otherwise the guns of the enemy would find him easy quarry.

As a factor in the military intelligence department the aeroplane is just as woefully handicapped in its present state. Admitting that sooner or later its motive power will be perfected to a great degree of reliability and that its operation will be rendered less hazardous, there are still a number of serious drawbacks that will impair its value. A well directed shrapnel will bring the machine down like a plummet and injury to one of its wings will do the same thing. The air pressure against its canvas planes is so great that the perforations made by even a few shrapnel missiles would cause them to tear and precipitate the machine to the ground.

The present value of the aeroplane as a military means is practically nil. In addition to all sorts of motor troubles, there is the difficulty in ascending. The operator obliged to make a landing in the enemy's territory for slight repairs or any other cause would not succeed in getting into the air again except in such in-

CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of *Chas. H. Fletcher* and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

What is CASTORIA

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is Pleasant. It contains neither Opium, Morphine nor other Narcotic substance. Its age is its guarantee. It destroys Worms and allays Feverishness. It cures Diarrhoea and Wind Colic. It relieves Teething Troubles, cures Constipation and Flatulency. It assimilates the Food, regulates the Stomach and Bowels, giving healthy and natural sleep. The Children's Panacea—The Mother's Friend.

MOTHER'S FRIEND

A LINIMENT FOR EXTERNAL USE.

One of the most valuable qualities of Mother's Friend is that it safe-guards the future health of the mother. It is a liniment to be applied externally to the body, the use of which lubricates the muscles and tendons, softens the glands and ducts, prevents lumps forming in the breasts, and relieves the pain, nervousness, nausea, and other troubles from which so many expectant mothers suffer. When Mother's Friend is used regularly it fits and prepares the system for an easy and natural consummation of the term. Women who massage with this great liniment are always saved much suffering when baby comes, and recover more quickly, and without ill effects. Mother's Friend is sold at drug stores. Write for our free book for expectant mothers.

HOOSIER MOTOR SHOW

Indianapolis is Having a Display of Numerous "Buzz Wagons."

Indianapolis, Ind., March 28.—This is "show week" for Indianapolis automobile dealers, each of whom has a private exhibition, since the Hoosier capital has no building in a central location large enough to hold a show under one roof. Today and tomorrow will be devoted to the displays in the respective salesrooms and factories. A floral street parade is scheduled for Wednesday afternoon, to be followed on Friday by a parade exclusively for motor trucks and delivery wagons. On Thursday there will be a number of events at the Indianapolis Motor speedway, including speed trials and novelty events and obstacle races. The week will be closed Saturday night by a banquet at one of the hotels, at which members of the trade association, fifty-nine in all, will be present.

NON PARTISAN ELECTION

Kansas City, Kas., and Topeka Choosing Commissioners Today.

Kansas City, Mo., March 28.—Topeka and Kansas City, Kas., are holding their first non-partisan primaries today to nominate candidates under the commission form of government. The weather is ideal. In Kansas City a heavy vote is being polled and unusual interest is being taken. In Topeka the voting is light.

Wren and New Years.
Had old custom but survived, the wren would have been in great request to-day, especially in Ireland and Wales. The new year would have seen processions, each headed by a wren in a lantern. For it was formerly the custom to carry a lantern, tastefully decorated with ribbons, and containing a wren, round each hamlet and village, and make calls on dwellers in cottage and hall. The bearers, swinging the lantern at each door, would favor all whom it might concern with a song and receive a monetary reward. Another industry gone!

Adventures of Mr. Joy Rider

By T. D. SKIDMORE.

FOUND HIS PARENT

She Had Deserted Boy Many Years Ago—Gives His Mother a Home.

Cincinnati, Ohio, March 28.—For the past week authorities of Campbell county, Ky., have been communicating with William Bailey, of Rockville, Conn., and, as a result of the correspondence a strange story has developed that is a sequel to an equally strange incident that developed at the institution last summer. Bailey, who is 23 years old, has just succeeded in locating his aged mother, as an inmate of the institution, and is preparing to take her away from the place. He claims he was deserted when but six years of age, and since that time has been making diligent efforts to locate his mother.

For many years an old couple, who went by the name of Mr. and Mrs. Mike Regan, made the infirmity their home. But little was known about the couple in Campbell county, and it was taken for granted that this was their right name. Last summer a young man named Powers, a member of the Rockville fire department, visited Newport and, locating Regan at the infirmity, identified him as his father, who had eloped from Rockville years before with a Mrs. Bailey, who it is said was the Mrs. Regan alluded to above. Powers took his father home with him, and then acquainted Bailey, now grown to manhood's estate, of the whereabouts of his mother. The latter began a correspondence with Superintendent Yousey, of the infirmity, with the result as above stated.

Foley's Kidney Remedy is a safe and certain remedy for all kidney and bladder diseases, whether acute or chronic. It is a splendid tonic for middle aged and elderly people and a sure cure for all annoyances and irregularities of the kidneys and bladder.—Arlington Pharmacy.

Society Welcomes Players.

Chicago, March 28.—Players of the Princeton University Triangle club, the dramatic organization of Old Nassau, arrived in Chicago today on their western tour and will present their annual play, "His Honor: the Sultan." Society is preparing to celebrate the event, as the author of the play, Cyrus McCormick, 12, is a son of Cyrus H. McCormick, of Chicago.

To Admit Argentine Cattle.

London, March 28.—It is expected that the embargo on Argentine cattle will be lifted this week and the ports of the United Kingdom thrown open to the importation of live cattle from the South American republic. Today the prediction is made that this will result in greatly increasing the beef trade between England and Argentina and bring about lower prices for meat in this country.

"Had dyspepsia or indigestion for years. No appetite, and what I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, Ohio.

Don't let the baby suffer from eczema, sores or any itching of the skin. Doan's Ointment gives instant relief, cures quickly. Perfectly safe for children. All druggists sell it.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's regulants act gently and cure constipation. 25 cents. Ask your druggist.

Never can tell when you'll mash a finger or suffer a cut, bruise, burn or scald. Be prepared. Dr. Thomas' Eucletic Oil instantly relieves the pain—quickly cures the wound.

Money—Money—Money.
If you wish to borrow money on real estate, or if you wish to loan money on real estate, in either case be sure and see me before doing business.—C. M. Riddle, the real estate and loan man, 310 Ohio street, over Guenther's store, Sedalia, Mo.

GOOD MARES FOR SALE

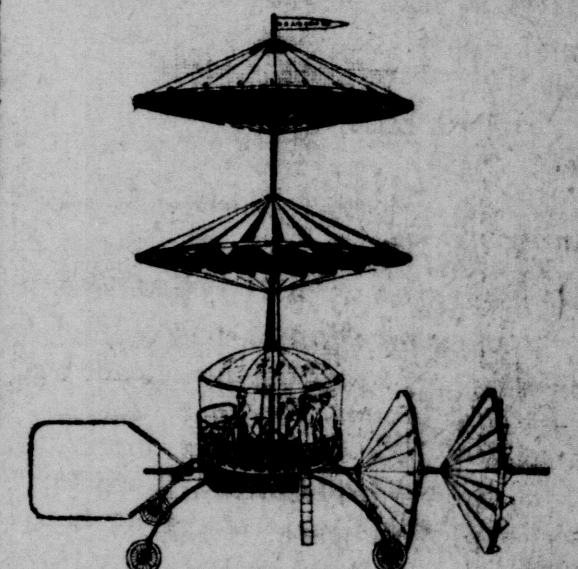

Several head of extra good mares, good ages, good workers; also some mules.—Bouldin Bros.' barn, one block north of Missouri Pacific depot. Bell phone 1479.

To Produce "Aida."

Boston, March 28.—Verdi's "Aida" will open the Boston season of the Metropolitan Opera company tonight. All of the seats were sold far in advance. Oscar Hammerstein's two weeks' season of grand opera at the Boston theatre also begins tonight.

Drinking Cups. If you are going to travel get one. 10c up. Arlington Pharmacy. (New store) 114 East Third.

PASSENGER AGENTS MEET

Railroad Men from United States and Canada Gather in Havana.

Havana, March 28.—Railroad men from all over the United States and Canada are in the Cuban capital today attending the fifty-fifth annual convention of the American Association of General Passenger and Ticket Agents. The subjects under discussion are:

"Association Ticket Paper," "Uniformity in Prepaid Ticket Orders," "Ticketing Special Baggage Cars for Interline Movements," "Relations with Accounting Officers' Association," "Standard Ticket Contracts," "Uniform Interline Tickets and Minimizing the Use of Exchange Orders."

There will be a proposition to amend the constitution to provide that the name of the association be changed to read American Association of Passenger Traffic Officials. The principal address will be given by Alexander Hilton, general passenger agent of the St. Louis and San Francisco. The secretary of the association is C. M. Burt, Boston. This is one of the oldest railroad associations in America, having been organized nearly sixty years ago. Its president this year is General Passenger Agent Samuel G. Hatch, of the Illinois Central railroad, Chicago. The last convention was held at Toledo.

Saloon Thought No. 350

What a beautiful business street Main street would be were it not a dumping ground for our saloon business. No street cars in the way, a good wide street, it would soon be the choice street of Sedalia.

Think of the business houses that would be built if they were dispensing something to make people happy.

Men that we know of are delighted because they have their property bringing them \$40 or so for saloon purposes when the same room would bring much better rent, if the tenant did not have to be burdened with \$1,350 a year to do business.

This alone is as much profit as some other lines of business make in Sedalia.

We are actually trying to force more money in landlords' pockets in Sedalia, and they won't investigate, but sleep away and sit around as lively as a tramp on a wood pile.

Det. Mr. H. March 2, 1910. The Illinois Issue, Chicago.

Gentlemen:—Replying to yours with reference to the rental value of store rooms in Decatur since local option went into effect will say: I am interested with others in quite a number of store rooms, and the rental value has increased steadily in the last two years.

Not a store room in the business district proper has been vacant any length of time and a notable fact is that buildings previously used for saloon purposes have very materially increased in rental value for commercial purposes.

Yours truly,
T. T. ROBERTS,
Sec'y and Treas.

NEWS OF THE RAIL

THE BIG CATTLE RUSH IS NOW ON IN TEXAS AND OKLAHOMA.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

Austin, Texas, March 28.—The biggest rush of cattle from South Texas to the pastures of Oklahoma in the history of the live stock industry is now in progress, according to representatives of the railroads handling the movement. It is stated that more than 120,000 head of cattle will be shipped from the ranches south and west of San Antonio during the period of four weeks that will end about April 15. Shippers have already placed orders for about 4500 cars, in which to move their stock, and the railroads are receiving additional orders every day.

The heaviest movement will not take place until the first of April, as it will not be until then that the pastures of Oklahoma will be capable of taking care of the cattle properly, it is stated. The cause of this unprecedented rush is the scarcity of grass upon the range below here. There was a big shortage in rainfall during the past winter and the drought this spring has been unusually severe. Many of the pastures are practically bare of grass and cattle are living upon the leaves of shrubs and the prickly pear. It is stated by the traffic representatives of railroads that comparatively few fat cattle are now moving to market from Texas. The scarcity of "grassers" is greater than for many years. It is planned by the railroads to run the cattle shipments to Oklahoma in solid trains.

M. K. & T. Engineer Dead.

Paul Kissell, an M. K. & T. engineer from Dallas, Texas, died from peritonitis at the company hospital in this city at 7:30 o'clock last evening, aged 35 years. He had been at the institution since March 14. The body was shipped to Dallas today for burial.

Automatic Couplers.

AT FIFTH STREET CHURCH

Beautiful Services Were Held and Large Congregation Attended.

Rev. W. A. McClanahan, pastor of the M. E. Church, South, and all members of this church have great reasons to rejoice over the successful services held in this church on Easter Sunday.

The church was beautifully decorated with ferns and cut flowers, artistically arranged by Mrs. Charles Daugherty and Mrs. Bellas—the beauty of this decoration had to be seen to be appreciated.

The attendance at Sunday school was the largest within the last year and the Easter offering was way beyond the expectations of the officers of the school, as there were no special efforts put forth for the large collections on this day, and the great offering came as a voluntary act on the part of the school.

The music was hard to excel, and it was said by several musical critics that it was the best they had ever heard in this church. Mrs. Waddell and Mrs. McClanahan, with Miss Florence Shultz at the organ, directed the choir in this most excellent program.

The congregation was the largest in attendance at this church in years, both at the morning and the evening services. The main auditorium was full and the lecture room adjoining, the same, and chairs had to be placed in all the aisles in the main auditorium. The offering was also very large and the attendance at the Epworth League was unusually large and there seemed to be a greater interest manifest than usual.

Taking everything into consideration from the early morning service until the closing of the evening service it was the most successful, all-round service held in this church in several years, or perhaps ever before on Easter Sunday.

FIRST CHRISTIAN CHURCH

Sunday's Services Were Largely Attended All Day.

Yesterday was a fine day at the First Christian church in its Sunday school, under Supt. W. W. Herold; its great musical program in the afternoon, under Prof. I. N. Farris as organist and Mrs. Quisenberry as director of the choir, as well as the splendid sermon of the pastor, the Rev. A. W. Kokenodoff, on "Immortality and the Life Eternal."

There were 445 at the Sunday school and the offering for the benevolences of the church reached \$152.50.

At the church service \$100 was raised for foreign missions and about \$400 pledged for the employment of an assistant pastor, to begin about June 1st, and thus be prepared to take full charge of church affairs during the July and August vacation of the pastor.

The congregation unanimously ratified the action of the official board in granting the two months' vacation to Rev. Kokenodoff, which he has arranged to spend in Europe.

CIRCUIT COURT CASES

Suit for Divorce Filed.

Mike O. Ryan, through Attorney J. H. Bowron, today brought suit in circuit court for divorce against his wife, Edna F. Ryan, whom he accuses of general indignities. They were married in this county on March 22, 1905, and separated on June 15, 1907.

The Cause of Colds

Good Advice Regarding The Pretention Of Coughs And Colds

If people would only fortify and strengthen the system, the majority of cases of coughs, colds and pneumonia might be avoided. These troubles are frequently due to weakness, which produces a catarrhal condition of the mucous membrane, which is an internal skin of the body.

When this skin is weakened it becomes easily infected with germs which cause many of the diseases to which flesh is their. Healthy mucous membranes are essential safeguards of the body's general health.

An excellent aid in the prevention of coughs, colds, pneumonia, and such like infectious diseases, is a remedy that will prevent or cure catarrh.

We have a remedy which we honestly believe to be unsurpassed in excellence for the prevention of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of thirty years of cures gained through the use of this formula. We promise to make no charge for the medicine should it fail to do as we claim. We urge everybody who has need of such a medicine to try Rexall Muc-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not prepared to prove the reasonableness of our claim in every particular, and we see no reason why any one should hesitate to accept our offer and try it. We have two sizes of Rexall Muc-Tone, prices 50 cents and \$1.00. Sometimes a 50-cent bottle is sufficient to give marked relief. As a general thing the most chronic case is relieved with an average of three large bottles. You can obtain Rexall Remedies in Sedalia only at the The Rexall Store—Arlington Pharmacy.

Rates on Flour Lowered.

Washington, March 28.—The interstate commerce commission today ordered the lake and rail rates on flour from Minneapolis to New York city and the Atlantic seaboard reduced from 23 cents per hundred pounds to 21½ cents, beginning May 10.

The Crucial Test of all Insurance is the Prompt Payment of Losses.

A BIRTHDAY PARTY

"Grandma" Porter Was the Honor Guest at Otterville Sunday.

Mr. and Mrs. W. W. Biddle entertained a number of relatives and friends in honor of Mrs. Biddle's mother, Mrs. E. K. Porter, at their home in Otterville Sunday.

"Grandma" Porter has reached her eighty-first birthday, and enjoys reasonably good health for one of her age. She travels from place to place, visiting her children, grandchildren and other relatives.

All present enjoyed the day very much and departed late in the afternoon, wishing the honor guest many more birthday anniversaries.

Those present were: Mrs. J. M. Pollard, Fresno, Cal.; Mr. and Mrs. A. M. Mitchell, Mr. and Mrs. Lewis Lower and two daughters, Mr. and Mrs. C. D. Brown and two daughters, Mr. and Mrs. C. Cline and children, all of Sedalia; Mr. and Mrs. W. E. Ferguson and daughter, Mr. and Mrs. Clarence Palmer, Mr. and Mrs. W. W. Biddle and children, all of Otterville.

HAD A BANNER DAY

Members of Epworth M. E. Church Did Sunday.

All records for Sunday school attendance at that church were broken at the Epworth M. E. church Sunday, when 238 answered roll call.

The services of the day, arranged appropriately for Easter, were largely attended throughout the day.

There was a fine musical program in the morning, with a collection of \$41.12, principally given by the young men's Bible class.

Special Notice!

The annual meeting of Calvary Episcopal church will take place at the church this evening at 7:30 o'clock. A vestry to serve for the ensuing year will be chosen, the church finance account for the year will be read and many other matters of interest will be exploited. Show your interest in the church's affairs by attending this meeting. The polls will be opened promptly at 7:30 o'clock. Be on time.—E. W. Lamy, Secretary Calvary Parish.

A LAYMEN MEETING

Ministers and Laymen Met at Rembaugh's Today.

At a meeting of laymen and ministers, held at Rembaugh's at noon today, it was voted that a committee of one layman from each church be appointed to make arrangements for a laymen missionary conference, to be held in Sedalia on or about April 12.

This committee will meet on Wednesday at 1:30 p. m. at the office of Montgomery & Montgomery to select three members to co-operate with the Rev. D. M. Claggett and the Rev. A. W. Kokenodoff to perfect all plans for the conference.
